

Thank you for choosing Jakubiszyn Pickups products.

The beginnings of the business date back to 1964. Jakubiszyn Pickups is a continuation of the work of the legendary master violin maker Jerzy Jakubiszyn.

All of our pickups are hand-made from high-quality materials.

We approach our passion for creation with extraordinary care, a refined process allows us to control quality from the ground up.

We take care of every detail to give the pickups a rich and characteristic tone.

HUMBUCKER PICKUP WIRING DIAGRAM

Red (finish of south coil), Green (start of south coil), White (finish of north coil), and Black (start of north coil)
